Item number	X

Supplier submitting the safety data sheet:

Supplier: TELL's Power AG
Bahnhofweg 2 + 4
CH-6405 Immensee

Phone: 041 850 77 44

E-Mail : info@tellspower.ch

National emergency number: 145 (available 24 hours, Tox Info Suisse, Zurich;
for calls from Switzerland, information in
German, French and Italian)

Information for users concerning:

Section 1 For commercial users only

Section 13 Do not dispose of completely empty packaging together with household waste. Packaging must be sent for recycling. Treat product residues and non-emptied packaging as hazardous waste. Residues may pose an explosion hazard. Do not perforate uncleaned containers, cut or weld uncleaned containers. Dispose of hazardous waste in accordance with Directive 91/689/EEC at an authorized disposal site, indicating a waste code number in accordance with Decision 2000/532/EC. Disposal should be carried out in accordance with regional, national and local laws and regulations. Local regulations may be stricter than regional or national requirements and must be observed. Switzerland: Dispose of completely empty packaging with municipal waste. Return partially emptied containers to the point of sale or hand them over to a collection point for special waste.

Section 15 This product may only be supplied to professional users

GHS07

skin irritation 2

H315 Causes skin irritation.

STOT SE 3

H336 May cause drowsiness and dizziness.

- 2.2 Label elements
- Labeling according to Regulation (EC) No. 1272/2008
 - The product is classified and labeled according to the CLP regulation.
- Hazard pictograms

GHS07 GHS09

- Signal word Caution

Hazard-determining components of labelling:

Distillates (petroleum), hydrotreated light

- Hazard statements

H315 Causes skin irritation.

H336 May cause drowsiness and dizziness.

H411 Toxic to aquatic life with long lasting effects.

- Safety instructions

P102

Keep out of the reach of children.

P210

Keep away from heat, hot surfaces, sparks, open flames and keep away from other sources of ignition. Do not smoke.

P260

Do not breathe dust/fume/gas/mist/vapours/spray.

P271

Use only outdoors or in a well-ventilated area.

P280

protective gloves/ protective clothing/ eye protection/ face protection/ To wear ear protection.

P301+P310

IF SWALLOWED: Immediately call a POISON CENTER/doctor.

P303+P361+P353 IF ON SKIN (or hair): All contaminated

Remove clothing immediately. Rinse skin with water [or shower].

P501

Dispose of contents / container in accordance with local / regional / national / international regulations.

- 2.3 Other hazards
- Results of PBT and vPvB assessment
- PBT: Not applicable.
- vPvB: Not applicable.

SECTION 3: Composition/information on ingredients

- 3.2 Mixtures
- Description:
 - Mixture of substances listed below with harmless additions.

(continued on page 3)

CAS: 14808-60-7 EINECS: 238-878-4 Reg.nr.: under C&L Inventory	☠ STOT RE 2, H373	10-25%

· Additional information:

The wording of the listed risk phrases can be found in section 16.

SECTION 4: First aid measures

4.1 Description of first aid measures General information:

- Remove contaminated clothing immediately.
- After inhalation:
 - In case of unconsciousness place and transport in stable sideways position.
- After skin contact:
 - Wash off immediately with soap and water and rinse well.
 - Wash off immediately with water.
- After eye contact:
 - Rinse opened eyelid for several minutes under running water.
- After swallowing: Consult a doctor if symptoms persist.
- 4.2 Most important symptoms and effects, both acute and delayed
 - No further relevant information available.
- 4.3 Indication of any immediate medical attention and special treatment needed
 - No further relevant information available.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media:

CO₂, extinguishing powder or water spray jet. Fight larger fires with water spray or alcohol-resistant foam.

- 5.2 Special hazards arising from the substance or mixture Formation of toxic gases during heating or in case of fire.
 - No further relevant information available.
- 5.3 Advice for firefighters · Protective equipment: Put on breathing apparatus.

SECTION 6: Accidental release measures

- 6.1 Personal precautions, protective equipment and in emergencies applicable procedures put on respirator.
- 6.2 Environmental protection measures:
Inform respective authorities when entering in waters or the sewerage.
- Do not allow to enter drains/surface water/ground water.
- 6.3 Methods and material for containment and cleaning up:
Pick up with absorbent material (sand, kieselguhr, acid binder, universal binder, sawdust).
- Dispose of contaminated material as waste according to Section 13.
Ensure adequate ventilation.
- 6.4 Reference to other sections
See Section 7 for information on safe handling.
See Section 8 for information on personal protective equipment.
Information on disposal, see section 13.

SECTION 7: Handling and storage

- 7.1 Precautions for safe handling
Ensure good ventilation/exhaustion at the workplace.
Avoid aerosol formation.
n / A
- Information about protection against explosions and fires: Keep breathing apparatus ready.
- 7.2 Conditions for safe storage, including any incompatibilities · Storage: · Requirements to be met by storerooms and containers: No special requirements.
- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: None.
- Classification according to the Ordinance on Industrial Safety and Health (BetrSichV): - · 7.3
Specific end uses
No further relevant information available.

SECTION 8: Exposure controls/personal protective equipment

· 8.1 Parameters to monitor

Constituents with workplace-related limit values to be monitored: 64742-47-8 Distillates (petroleum), hydrotreated light AGW Comparative No. 2.9, AGS, Y 14808-60-7 quartz (SiO₂)

MAK respirable fraction 64742-47-8

Distillates (petroleum), hydrotreated light AGW Comp. No. 2.9, AGS, Y

Trade name: Epifanes Seapower Cleaner and Wax

(continued from page 4)

14808-60-7 quartz (SiO₂)

MAK respirable fraction

- Legislation

AGW: TRGS 900

MAK: MAK and BAT List

- Additional information:

The lists valid at the time of creation served as the basis.

- 8.2 Exposure controls - Appropriate technical controls No further information, see Section 7.

- Individual protective measures, such as personal protective equipment - General protective and hygienic measures: Keep away from food, drink and animal feed.

Take off dirty, soaked clothes immediately.

Wash hands before breaks and at the end of work.

Avoid skin contact.

Avoid contact with eyes and skin.

- Respiratory protection Not required.

- Handguard

protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Due to a lack of tests, no recommendation on the glove material for the product / the preparation / the chemical mixture can be given.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

- Material of gloves

The selection of a suitable glove depends not only on the material, but also on other quality features and varies from manufacturer to manufacturer. Since the product is a mixture of several substances, the resistance of the glove materials cannot be calculated in advance and must therefore be checked before use.

- Penetration time of glove material The exact break through time can be found out from the manufacturer of the protective gloves and has to be observed.

- For continuous contact of a maximum of 15 minutes, gloves are made of the following

Suitable materials: butyl rubber

- Eye/face protection Safety

goggles recommended during refilling.

SECTION 9: Physical and chemical properties

- 9.1 Information on basic physical and chemical properties - General information - Physical state

SECTION 10: Stability and reactivity

- 10.1 Reactivity No further relevant information available.
- 10.2 Chemical stability
- Thermal decomposition / conditions to be avoided:
No decomposition if used as directed.
- 10.3 Possibility of hazardous reactions No dangerous reactions known.
- 10.4 Conditions to avoid
No further relevant information available.
- 10.5 Incompatible materials:
No further relevant information available.
- 10.6 Hazardous decomposition products:
No dangerous decomposition products known.

SECTION 11: Toxicological information

- 11.1 Information on the hazard classes in accordance with Regulation (EC) No. 1272/2008
 - Acute toxicity
Based on the available data, the classification criteria are not met.
 - Skin corrosion/irritation Causes skin irritation.
 - Serious eye damage/irritation
Based on the available data, the classification criteria are not met.
 - Respiratory or skin sensitization
Based on the available data, the classification criteria are not met.
 - Germ cell mutagenicity
Based on the available data, the classification criteria are not met.
 - Carcinogenicity
Based on the available data, the classification criteria are not met.
 - Reproductive toxicity
Based on the available data, the classification criteria are not met.
 - Specific target organ toxicity - single exposure
May cause drowsiness and dizziness.

- Specific target organ toxicity - repeated exposure
Based on the available data, the classification criteria are not met.
- Aspiration hazard
Based on the available data, the classification criteria are not met.
- 11.2 Information on other hazards · Endocrine disruptive

properties

None of the ingredients are included.

SECTION 12: Ecological information

· 12.1 Toxicity · Aquatic

toxicity: No further relevant information available.

· 12.2 Persistence and degradability

No further relevant information available.

· 12.3 Bioaccumulative potential

No further relevant information available.

· 12.4 Mobility in soil No further relevant information available.

· 12.5 Results of PBT and vPvB assessment · PBT: Not applicable. · vPvB: Not applicable.

· 12.6 Endocrine disruptive properties The product does not contain any substances with endocrine disruptive properties.

· 12.7 Other adverse effects · Remark: Toxic for fish.

· Additional ecological information: · General

notes:

Water hazard class 3 (self-assessment): highly hazardous to water Do not allow to reach ground water, water bodies or sewage system, even in small quantities.

Danger to drinking water even if the smallest amounts leak into the ground.

In water also toxic to fish and plankton. toxic to aquatic organisms

SECTION 13: Disposal considerations

13.1 Waste treatment methods Recommendation:

Must not be disposed together with household garbage. Do not empty into drains.

· European waste catalogue

08 00 00 WASTE FROM MANUFACTURE, PREPARATION, DISTRIBUTION AND USE	(MCVA) OF COATINGS (PAINTS, COATINGS, ENAMEL), ADHESIVES, SEALANTS AND INKS
